

Bangladesh-China Power Company Limited

(A Joint Venture of NWPGL and CMC)

8, Panthapath, Kawran Bazar, Level 5, UTC Building, Dhaka-1215, Bangladesh

Invitation for Re-Auction

1.	Background	BCPCL has implemented the country's first ultra-supercritical coal-fired power plant, which has been in commercial operation since December 2020. During plant operation, gypsum has been generated as a by-product of the flue gas desulfurization (FGD) process. Due to the accumulation of gypsum over time, a substantial quantity was dumped and stored in the Ash Pond area of Payra 1320MW Thermal Power Plant (TPP). BCPCL now invites interested Gypsum Buyers/Receivers to purchase, lift, and take delivery of the stored gypsum from the Ash Pond area of Payra 1320MW TPP on an "as-is-where-is" basis.		
2.	Agency	Bangladesh-China Power Company Limited		
3.	Invitation for	Disposal / Selling of Stored Gypsum from Ash Pond Area of Payra 1320MW TPP (Re-auction)
